ALEX MUSTIN

FRONT-END / WORDPRESS DEVELOPER

DESIGNING AND DEVELOPING WEBSITES SINCE 2001

SUMMARY

A focused and highly motivated web developer with an eye for detail and a proven ability to handle multiple projects under tight deadlines without supervision. Have developed REST API sites for Fortune 500 companies, and have contributed several WordPress plugins which are currently running on nearly 3,000 active websites combined. Excellent troubleshooting abilities enable me to solve complex problems with simple solutions. Great team player who wants to get awesome work done.

JOB EXPERIENCE

Web Developer
2015 – Present

@ brandiD - (Remote)

Focus on custom WordPress website and plugin development using Photoshop, Illustrator, git, PHP, HTML5, CSS3, jQuery, AJAX, SASS and GRUNT/GULP. Develop custom WordPress plugins to accomplish business goals. Design custom content types, taxonomies, and other data structures based on mockups or project requirements. Develop new website sections and interactive features. Ensure technical feasibility of design mockups and new feature implementations. Produce high quality code which works well across multiple browsers and devices.
